2026

CERTIFIED ETHICAL HACKER
(C | EH V13)

Route to the IT World

EC-COUNCIL

C | EH V13

■ DESCRIPTION

The Certified Ethical Hacker (CEH) programme is designed for individuals seeking to develop professional skills in ethical hacking and cyber security. This course provides in-depth knowledge of how to identify, assess, and mitigate security vulnerabilities in computer systems and networks using lawful and ethical methods.

Learners will gain practical and theoretical understanding of hacking methodologies, penetration testing, malware analysis, network and web application security, and cyber attack prevention techniques. The curriculum follows globally recognised EC-Council standards and reflects current cyber threat landscapes.

Upon completion, students will be prepared for the CEH certification examination and careers as ethical hackers, cyber security analysts, and penetration testers.

CYBER SECURITY

1. Comprehensive, AI-Powered Curriculum

The program features a latest AI-powered ethical hacking curriculum aligned with current global cybersecurity threats, covering real-world cyberattack techniques and defensive strategies used by modern organizations.

2. Hands-On Practical Learning

Learners gain hands-on experience through live labs and realistic simulations, developing practical skills in ethical hacking methodologies, penetration testing, vulnerability scanning, exploitation, and security assessments.

3. Wide Coverage of Security Domains

The course covers network, system, and web application security, along with in-depth analysis of malware, ransomware, and phishing attacks, plus advanced protection techniques for cloud, IoT, and wireless environments.

4. Advanced Tools, Automation & Incident Response

Participants work with industry-standard hacking and security tools while learning AI-driven automation, threat detection, incident response, risk mitigation, and methods to improve organizational security and compliance.

5. Career-Focused Certification & Benefits

Designed for cybersecurity professionals, IT administrators, engineers, students, and aspiring ethical hackers, the program prepares learners for the globally recognized EC-Council CEH v13 certification, validating both practical and theoretical skills for high-demand cybersecurity roles.

■ COURSE CERTIFICATE

EC-COUNCIL

Certified Ethical Hacking - C|EH

This certification is for ethical hacking in cyber security field. Student has to purchase this separately to do the exam from EC-Council. It will help the to become a C|EH.

KHDA

This Course is verified by KHDA, which is the main government entity controlling the activities of education providers in the UAE. The verification guarantees that this training course meets all the required standards and criteria in accordance with the highest educational regulations.

EC-COUNCIL

COURSE DETAILS

Course Name	Certified Ethical Hacker
Duration	04 Months
Classes / hours per week	1 Class Per Week / 3 Hours
Language	English / Hindi / Sinhala / Tamil
Certificate	KHDA & EC-Council Certifications
Class Mode	Online / In-Person
Practical Training	Yes Available

PREREQUISITES

- You will receive a pre-course questionnaire, which should be completed and sent to us. It will help us.
- Adjust the course to your needs.
- It is recommended to have secondary education.

WHO SHOULD ATTEND

- IT Students
- IT Professionals
- School Leavers
- Everyone who want to make changes that will be extremely beneficial for a company or to explore new jobs in IT.

■ WHAT IS CYBER SECURITY?

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security. Organizations transmit sensitive data across networks and to other devices while doing business, and cyber security describes the discipline dedicated to protecting that information and the systems used to process or store it.

Cyber security is simply protecting critical computer systems and the sensitive information they contain from cyber-attacks. There are many cyber securities works as one to protect an organization such as

- Network security
- Application security
- Endpoint security including Internet of Things (IoT) security.
- Data security
- Identity and access management (IAM)
- Database and infrastructure security
- Cloud and mobile device security
- Disaster recovery and business continuity planning

■ WHY CYBER SECURITY IS A GOOD PATHWAY TO CHOOSE FOR ANY STUDENT?

1. High Demand: Cyber Security is a rapidly growing field, and there is a high demand for skilled professionals.
2. Job Security: With the increasing reliance on technology, the need for Cyber Security professionals is growing, ensuring job security for those with the right skills.
3. Challenging and Rewarding: Cyber Security is a challenging and rewarding field that allows you to use your problem-solving skills to protect organizations from cyber-attacks.

VENUE - ATN CAMPUS AL BARSHA

Address : No 606 Al zarooni building - Al Barsha 1 - Dubai

■ CERTIFIED ETHICAL HACKER V13

- INTRODUCTION TO ETHICAL HACKING & FOOT PRINTING AND RECONNAISSANCE TECHNIQUES
- SCANNING NETWORKS & ENUMERATION
- VULNERABILITY ANALYSIS & SYSTEM HACKING
- MALWARE THREATS, SNIFFING
- SOCIAL ENGINEERING
- DENIAL-OF-SERVICE & SESSION HIJACKING
- EVADING IDS, FIREWALLS, AND HONEYPOTS
- HACKING WEB SERVERS & WEB APPLICATIONS, SQL INJECTION
- HACKING WIRELESS NETWORKS
- CRYPTOGRAPHY
- HACKING MOBILE PLATFORMS
