COURSE GUIDE 2026

DIPLOMA IN NETWORKING TECHNOLOGY (ABE UK QUALIFICATION)

ATN Campus UAE

Route to the IT World

LINCOLN UNIVERSITY COLLEGE | abe endorsed | Pearson VUE | EC-COUNCIL | DUBAI Knowledge المعرفة | CISCO Networking Academy Partner | C|EH V13 | TVEC ACCREDITED COLLEGE Reg No : P01/0752 | BRITISH COUNCIL
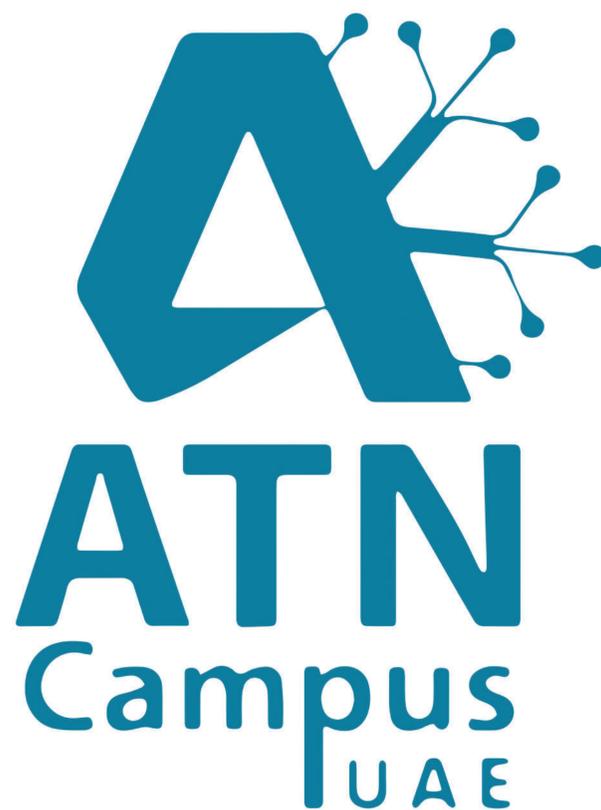

The Diploma in Network Technology is designed for individuals seeking foundational knowledge and practical skills in computer networking. This programme prepares learners to design, implement, manage, and troubleshoot basic network infrastructures used in modern organizations.

The course covers essential networking concepts including network fundamentals, IP addressing, routing and switching, LAN and WAN technologies, wireless networking, and basic network security.

WHAT ARE THE BENEFITS IN STUDYING DIPLOMA IN NETWORK TECHNOLOGY AT ATN?

1. Competitive Edge in the Job Market :

Obtaining certifications in Diploma in Network Technology gives you a competitive advantage in the job market. Employers often seek candidates with a diverse skill set, and versatility and proficiency in multiple areas.

2. Industry-Relevant Curriculum :

The program is designed to align with industry needs, ensuring that you acquire the latest knowledge and skills relevant to Diploma in Network Technology. This industry focus enhances your employability and prepares you for real-world challenges.

3. In-Depth Understanding of Network Technology :

The Diploma in Network Technology component provides you with a thorough understanding of networking concepts, protocols, and security measures. This knowledge is essential for roles in network administration, cyber security, and other related fields.

4. Hands-On Learning Experience :

The curriculum includes practical components such as hands-on labs, simulations, and real-world projects. This hands-on approach enhances your ability to apply theoretical knowledge to practical scenarios, ensuring you are well-prepared for the demands of the professional environment.

5. Networking Opportunities :

Studying at ATN Campus provides you with opportunities to connect with industry professionals, fellow students, and faculty members. Networking events, workshops, and seminars contribute to building a strong professional network, which can be valuable for future career prospects.

6. Study Opportunities :

After completing the Diploma Program, student has the opportunity to direct enroll in our Advance Diploma + Bsc Top up Degree.

7. Adaptability and Future-Proofing:

The dual qualification ensures that you are well-equipped with skills in both network technology and Cyber security. This adaptability is crucial in an ever-evolving technological landscape, allowing you to stay relevant and future-proof your career.

8. Practical Application of Knowledge:

The program emphasizes the practical application of knowledge through real-world projects. This not only enhances your problem-solving skills but also provides you with a portfolio of work that can be showcased to potential employers.

■ COURSE CERTIFICATE

We are accredited and affiliated with the Association of Business Executives (ABE), UK, an internationally recognized, Ofqual-regulated awarding body. This affiliation ensures our Diploma in Network Technology program meet international quality standards and enables learners to gain globally recognised business qualifications that support career advancement and progression to higher education.

■ COURSE DETAILS

Course Name	Diploma in Network Technology
Duration	03 Months
Classes / hours per week	1 Class Per Week / 3 Hours
Language	English / Hindi / Sinhala / Tamil
Certificate	ABE UK Certification
Class Mode	Online / In-Person
Practical Training	Yes Available

PREREQUISITES

- You will receive a pre-course questionnaire, which should be completed and sent to us. It will help us.

- Adjust the course to your needs.

- It is recommended to have secondary education.
